

Dear Parent/Guardian,

The education of our children is more important than ever before. You can give your child a summer of continued learning with our books. Studies show that much of what is learned during the school year is lost over the summer months. Since 1991 our Summer Skills Review Books have provided **millions** of students with a comprehensive review of materials taught the previous year without adding more screen time to their summer.

With educational demands continuously changing, children need not only a review that keeps current with State and Common Core Standards, but also gives them an academic edge and self-confidence when they return to school in the fall.

Our easy-to-use Math, Language Arts and Foreign Language review books serve this purpose. Taking only 15-30 minutes three to four times per week, over the summer, our books provide a succinct review that is not overwhelming. **Generally the grade level just completed is ordered;** however, you and your child's teacher can best determine what grade level would be most suitable. Our books are not sold in stores.
